\* Mount cling stamp onto acrylic block (CS000)

### Instructions: (see reverse side for photos)

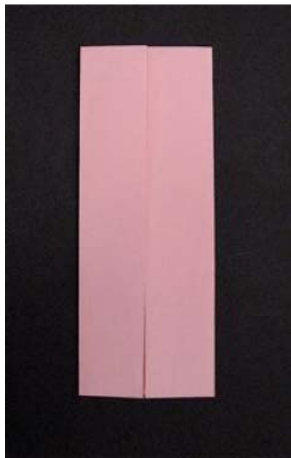

- Step 1:** Start with 4 1/4" x 5 1/2" paper.  
**Step 2:** Crimp fold to find the mid point on shortest sides.  
**Step 3:** Fold long sides into mid point.  
**Step 4:** Fold corners to mid point.  
**Step 5:** Turn piece over.  
**Step 6:** Fold upper and lower points inward.  
**Step 7:** Turn piece over.  
**Step 8:** Fold corners to mid point.  
**Step 9:** Turn piece over.  
**Step 10:** Separate sides in small square sections near top and bottom, and flatten piece down.  
**Step 11:** Reverse out folds to this point. (Paper needs to be flattened for stamping. Also, fold lines will help indicate area to stamp designs.)  
**Step 12:** Stamp images in center of paper (Keep designs within fold lines.)  
**Step 13:** Crimp stamped paper.  
**Step 14:** Refold lantern. (The fold lines are already there, so it's easy to recreate the shape of the lantern.)  
**Step 15:** Embellish top and bottom sections with Washi Tape.  
**Step 16:** Fold cardstock in half to create notecard.  
Trim 1/2" from right side of cover.  
Place strip of Washi Tape so it shows on right side.  
Fold pieces of ribbon in half and tape near fold.  
Attach lantern to front using D/S tape.  
Stamp word on front of card using black ink pad.
